

Orchestra Networks and Agile Solutions – Synergies of Data Integration & Master Data Management can't be ignored.

Paris, London, Glasgow 14th May, 2008. Orchestra Networks, a leading provider of Master Data Management Software, and Agile Solutions, a UK services company, today announced they formed a partnership to address the fast-growing MDM market.

Data Integration and MDM synergies are a key factor in choosing your MDM vendor as building an effective Master Data Management system requires not only to model and manage reference data but also to integrate them across the Information System. Thanks to this alliance, companies can deploy best of breed Orchestra Networks technology along side their existing data integration and data quality vendor.

“We are delighted that Agile have chosen to partner with us and invest in our EBX.Platform,” said Christophe Barriolade, CEO of Orchestra Networks. *“With Agile Solution experience and focus in Data Integration they are able to maximize the synergies of their chosen DI and Data Quality partner Informatica”*

“Our clients are demanding that governance of their data assets process be in the hands of the business”, said Mark Connelly, Managing Director & Founder, Agile Solutions *“Our evaluation of Orchestra Networks highlighted to us the synergies of their EBX.Platform and our existing Data Integration & Data Quality partner, Informatica. This provides our clients a fantastic opportunity to have a single data governance approach to all shared data, at the same time as maximizing these existing investments.”*

About Orchestra Networks

Founded in 2000 and based in Paris and London, Orchestra Networks is a leading and independent software vendor supplying the first truly cross domain master data management software solution. Its EBX.Platform provides clients with the capability to take control of their master and reference data providing significant data governance capabilities. Orchestra Networks has been named “Cool Vendor in Master Data Management, 2008” by Gartner For more information, email info@orchestranetworks.com or visit www.orchestranetworks.com.
